COMBICUT 250/1500VA LITE

Tile Stone and Porcelain Saw

COMBICUT 250/1500 VA LITE 115V/60Hz 1.75HP, 1 Phase Model # 1188180

The Combicut 250/1500 VA Lite is designed to **cut today's porcelain plank tiles**. Precision cast aluminum components combined with very careful assembly makes for a saw which is **accurate, light and extremely reliable**. The 250/1500 VA Lite is designed for those jobs that are smaller in nature, and the materials being cut are not that thick. For thicker materials and larger scale commercial jobs IMER USA recommends you upgrade to the **Combicut 350/1200 iPower**.

Complete with high flow water pump

Precision water valve

Equipped with a laser guide, make cuts quickly and accurately

Included protractor with 180°

Integrated stand with wheel kit

High impact poly water pan

10" Continuous rim porcelain blade included

Long handle for easy reach and smooth pull through

To support large format tiles slide the side table into place.

PERFORMANCE

To ensure that the Combicut series would be both **light and powerful** we designed and developed an all **new 1.75 h.p.** motor. Cuts are made **quickly and quietly**. Performance and reliability are **GUARANTEED!**

LASER GUIDE

A laser guide comes standard with every Combi 250 series. Mark the line of your cut on the material, line it up with the laser, and go!
