

HENCHMAN 4 HSM 16 cu. ft.

Towable Horizontal Shaft Mortar Mixers

The Henchman 4 HSM is ready to take on the toughest high production jobs. Hydraulic power and a revolutionary paddle design make the Henchman 4 the perfect partner for the Spec Mix Silo delivery system. Batch out 12 cu. ft. every 3 minutes. **GUARANTEED!**

Hydraulic Power Pack

The 13 h.p. Honda powered hydraulic drive system is a very sano design. The controls, the fittings, and the hoses that transfer the hydraulic power are routed in a well engineered fashion. Run this system hard – Day in and Day out!

Extra Value

Every mixer from IMER USA comes with a commercial duty tow hitch, not some welded on cheapie.

Innovation

Hydraulic dump action allows for quick n' complete discharge with finger tip control.

Production

Our all new **FOLIUM II** paddle design mixes all materials quickly and thoroughly, including aggregates up to 3/8".

Power

Hydraulic drive eliminates all kinds of maintenance - no more drive shaft problems, just run it hard, real hard.

Safety

Torsion bar suspension with compression and rebound dampening provides a smooth tow at all times.

Portability

Fork lift points are welded to the main frame, transport around the jobsite is quick and easy too.

Reliability

The jig welded box steel frame is strong and rigid, our mixers are lighter yet stronger than our competitors.

HENCHMAN 4 HSM

Quick Specs

Drum capacity	16 cu. ft.
Batch output	12 cu. ft. (4-5 bags)
Gas engine	13 h.p. Honda
Drum diameter	33 Inches
Discharge outlet height	28 Inches
Pneumatic wheels	22"
Weight	1,145 lbs.
OPERATING DIMENSIONS (palletized)	
Length	92" (86")
Height	59" (64")
Width	57" (62")
