

# MIX-ALL 60

## PORTABLE PADDLE MIXER

### THE LIGHTWEIGHT, QUIET, PORTABLE YET POWERFUL

Mix-All 60 saves time and reduces labor costs. The 120V motor gearbox drivetrain is both powerful, and quiet. The unique paddles allow it to quickly and thoroughly mix mortar, stucco, thin set, dry pack mortar, epoxy, plaster, and more. It's also used for mixing rubber materials.

High-torque gearbox drive

Protective cover keeps hands away from spinning

Comes with 2 plastic mixing buckets

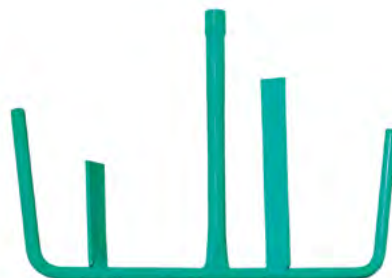

Easy to transport, rolls along like a piece of luggage

### 5 PACK OF BUCKETS Model #1193968

### ALTERNATIVE MIXING PADDLE Model #3205587

### Technical specifications
